Backed by the Heuzenroeders name for over a century, one of the Barossa's most trusted accountancy firms has made some exciting new changes in order to offer its loyal client base an even broader range of services.

Firstly, Heuzenroeders Public Accountants has had a name change and is now known as Dito+. Pronounced 'dye-tow plus', this Latin word means 'to enrich and empower'.

"Dito+ perfectly embodies the company philosophy, which is to enrich the lives of our clients by providing effective accounting, taxation and business planning services," explained Mr Jason Schiller, who shares directorship of the company with Mr Stephen Fechner and Mr Richard Miller.

The new name is also designed to clear up any confusion – for many years, Heuzenroeders Public Accountants and Heuzenroeders Lawyers have shared the same office building in Tanunda, although they have operated as two separate businesses.

The similar names have at times led to confusion and renaming the business will help to eliminate any future misunderstanding.

As well as a name change, the company has consolidated its existing Nuriootpa and Tanunda offices into a brand new Barossa office.

"To build on our business, two years ago we merged Heuzenroeders with the Nuriootpa-based accounting and conveyancing firm,

Richard Miller & Associates," said Jason.

"The merger meant that we required extra space that would comfortably accommodate our expanding accounting and conveyancing teams, so the logical next step was to move into bigger premises."

The merger and relocation mean that Dito+ is able to offer a range of dedicated professionals under one roof.

The Dito+ team brings together many years of expertise and can provide comprehensive assistance with everything from accounting and taxation to superannuation, business planning and conveyancing.

Located within the Beckwith Park – Commercial Precinct, opposite The Barossa Council in Nuriootpa, the new office has been

extensively renovated to create a modern and purpose-built space.

As well as a convenient location, the office offers a large parking area in the town's new commercial hub, with disabled access available at the rear of the building.

"The changes are effective immediately and we look forward to welcoming our existing clients as well as new customers," added Jason.

"Please don't hesitate to contact us with any queries."
